FOR IMMEDIATE RELEASE:

GUNS RIGHTS ACROSS AMERICA

City, County, State (Date) – Local Second Amendment supporters in (State) will join forces for a national letter signing dubbed "Operation Sheriff Reach" to be held in every county/parish/borough across the United States on Wednesday, March 13th, 2013 from 11:00 am. to 1:00 p.m. local time. Citizens will meet at a local central location, such as your county courthouse, town square, or sheriff's department.

Eric Reed, the national event coordinator, plans for this event to be a peaceful collaboration to encourage your local Sheriff to uphold the U.S. Constitution and not enforce any Executive Orders or unconstitutional laws.

"We are asking citizens to sign a letter to encourage their local Sheriff to uphold the U.S. Constitution and not enforce any unconstitutional gun bans the federal government may enact." – Eric Reed

Letters will be available for attendees to sign, which will be given to their Local County Sheriff. If your Sheriff has already stated he will uphold the Constitution and not enforce any Executive Orders or unconstitutional laws we ask you to come out and sign a letter of thanks.

Locally, (INSERT YOUR NAME HERE) states: (INSERT YOUR QUOTE HERE)

This event is quickly gaining traction on social media outlets such as Facebook.com, where thousands of individuals nationwide have signed up to attend through the "Gun Rights Across America" main event page. Individual states, including (YOUR STATE), have pages set up to facilitate coordination of local efforts.

##

ABOUT GUN RIGHTS ACROSS AMERICA:

Gun Rights Across America, formerly known as Gun Control = More Crime, is a true grassroots organization. Average Americans who are concerned about their 2nd Amendment rights organized rallies on January 19th, known as "Guns Across America," where tens of thousands of people signed petitions that were sent to their U.S. Senators. GRAA has launched Sheriff Reach to encourage Sheriffs and local law enforcement across the country to not enforce any unconstitutional gun laws that Congress may pass or the President may enact via Executive Actions or Orders. We encourage Sheriffs and LEO's to know their rights to not uphold or enforce federal laws that would restrict gun owners' Second Amendment rights. The Supreme Court has ruled on the issue of the federal government compelling state and local officers to execute federal laws in the past, and found it unconstitutional (see <http://www.law.cornell.edu/supct/html/95-1478.ZO.html>).

GRAA is not associated with any candidate, candidate committee, or PAC. Our goal is to educate citizens about their 2nd amendment rights; legislation and regulations on a local, state, and federal level; and to educate law makers about firearms and gun owners.
